

**Valued Partner,
Food & Beverage
Solution Provider**

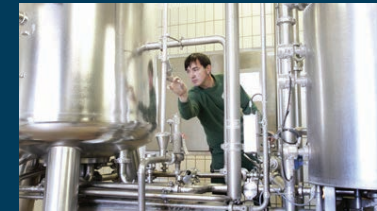

**Vector CAG Knows
Food and Beverage
Industrial Challenges**

- We have the hand on experience and technical expertise
- We understand supply chain regulatory compliance, cost pressure and quality assurance:
 - Clean-In-Place (CIP)
 - Hygienic Measurement
 - Sanitary Standards
 - Wireless & Automation
 - Versatile Process Fittings
 - Repeatability
 - Accuracy & Precision
 - Exact Ingredients
 - Your Industry In Mind
 - Reduce Downtime

Compliance to Food Safety and Quality Standards

Meet global hygiene regulations for food safety and quality standards with robust, proven in-use instrumentation. Benefit from traceable and accredited calibration services at your facility or in our lab.

Resource Conservation

Get real-time, accurate data from your critical process points and save money on raw materials, water, energy and labor, without interruption in your production.

Repeatability in Processing

Ensure consistent product quality and taste with our reliable inline quality monitoring. Benefit from a complete instrument portfolio and a strong global service organization.

High Plant Availability

Receive quality guidance of the optimum-fit products for your specific needs from a network of global and local experts who stay by your side through the entire life cycle ensuring plant availability.

Regulatory Compliance

Quality Assurance
