

COMPRESSED AIR SOLUTIONS

Off the Shelf or a Custom Engineered Package Solution, We Meet Your Needs

Whether you are looking for a standard inventory item or an engineered solution, Vector CAG can provide your company with a compressed air solution that meets your specific application needs. From the purchase of new equipment to preventative maintenance to air system audits, Vector CAG is prepared to equip your company from our extensive inventory of products, parts and even rental equipment that is all in stock and ready to ship, saving you time and money. Or we can provide custom engineered compressed air packages to meet your specific requirements. Either way, we have you covered!

- Air Compressors and Dryers – In Stock and Ready to Ship
- Custom Engineered Compressed Air Packages – To Meet Your Specific Requirements
- Air Compressor and Dryer Parts – Millions of Dollars of Parts in Stock, Ready for Immediate Delivery
- Air-End Rebuilding and Air Compressor Refurbishment – All Brands of Rotary Screw Compressors
- Compressed Air Rental Equipment – Rental Fleet of Over 200 Units
- 24/7 Air Compressor Service – For All Major Brand Compressors and Dryers
- Preventative Maintenance – For Increased Compressor Life, Efficiency and Reliability
- Air System Audits – For a Reduction in Air Energy Costs

Partnering with the best brands in the industry, strong technical support and experienced field service to keep you running.

RELIABILITY, DURABILITY AND PERFORMANCE

We are proud to feature Sullair air compressors in our portfolio. Sullair air compressors combine durability and reliability, while adding unprecedented ease of use and performance benefits. They are specially designed, engineered and manufactured to perform at the highest levels with less energy to power up, easier and more intuitive operating and servicing, and more uptime, for a longer life.

Oil Injected Rotary Screw Compressors

- 5-600 HP
- Single and Two Stage Compression
- Fixed Speed, Electronic Spiral Valve Variable Capacity or Variable Speed Drive

OIL FREE SOLUTIONS WHEN OIL FREE AIR IS ESSENTIAL

More air compressor applications than ever require oil free air. And no matter the industry, sensitive plant operations require a reliable source of oil free compressed air. Vector CAG offers you an unsurpassed, ever-growing product portfolio of oil free compressed air solutions.

Oil Free Scroll Compressors

- 5-40 HP

Oil Free Rotary Screw Compressors

- 100-350 HP

Centrifugal Compressors

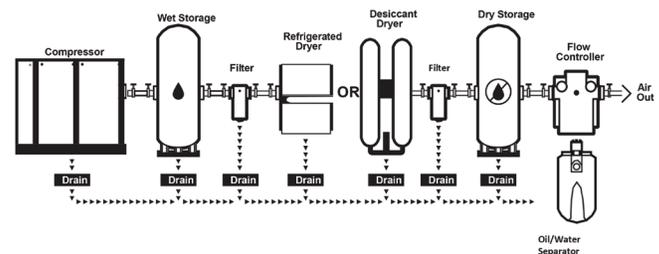

- 300-2,300 HP
- Up to 118,000 CFM

Total Compressed Air Systems help compressed air users reduce energy costs and improve productivity by analyzing, managing and controlling their compressed air systems. Each component of the system is carefully matched for capacity and pressure to provide maximum performance and energy efficiency.

The Complete Compressed Air System Solution Includes:

- Air Compressor
- Wet Storage Tank
- Air Dryer
- Filters
- Flow Controller
- Drains
- Oil/Water Separator
- Dry Storage

Vector CAG represents the top manufacturing brands in the

ENERGY SAVING DEHYDRATION, FILTRATION AND AIR PURIFICATION SOLUTIONS

Through an array of easy-to-install air handling equipment, Hankison dehydration equipment creates compressed air, free from moisture and contaminants. As an SPX FLOW brand, Hankison is dedicated to the ongoing technological progression in this field - providing customers with access to the compressed air they need. As a valued partner, the Vector CAG product portfolio spans from compact units to large scale equipment; available with different volume capacities, pressure levels, flow rates and dew points.

Compressed Air Applications

- Instrument Air
- Breathing Air
- Process Air
- Plant Air

Refrigerated Compressed Air Dryers Cycling and Non-Cycling

- Up to 12,500 scfm

Desiccant Compressed Air Dryers

- Up to 20,000 scfm
- Heatless
- Heat Reactivated
 - Heated Purge
 - Blower Heated Purge

Engineered Industrial Gas Dryer Systems

- Helium
- Carbon Dioxide
- Methane
- Many More
- Natural Gas
- Ethylene Propylene
- Hydrogen

Nitrogen Generator Systems

- Hollow Fiber Membrane
- Adsorptive

Compressed Air Filtration

- Coalescers
- Particulate
- Auto Drains
- Mist Eliminators

Advanced Air Compressor and Dryer Control Systems

- PLC Based
- Multiple Compressor Load Sharing

>Hankison®

industry to offer you a complete Compressed Air Solution.

TECHNICAL SERVICES TO KEEP YOUR OPERATIONS RUNNING SMOOTHLY AND EFFICIENTLY

Downtime Costs Money

Vector CAG knows downtime costs you money which is why service and preventive maintenance is essential to your business. Providing you complete coverage and support the Vector CAG Team is a valued partner for all your compressed air service needs. We have certified technicians and experience servicing all major brands of air compressors and dryers.

Field Service

- Emergency Repairs
- Preventative Maintenance
 - Lower Operating Costs
 - Increased Reliability
 - Increased Air Quality
 - Oil Sampling
 - Desiccant Sampling
- Startup
- Installation
- Air End Rebuilds
- Air Audits
- On Call 24 hours a day

Parts and Accessories

- All Brands of Compressors and Dryers
- Valve Kits
- Controllers
- Desiccant
- Filters
- Oil/Coolants
- Auto-Drains
- Much More

Rental Equipment

- Compressors - Diesel and Electric
- Compressed Air Dryers
- Aftercoolers and Filters

24/7 field service for all makes, plus preventative maintenance, repair, and audits.
