

# UPCOMING WEBINAR/VIDEO SESSION

**THURSDAY  
10.8.2020**

## Learn From The Experts

You're invited to join the Vector Controls & Automation Group for our "Learn From The Experts" educational webinar/video conference sessions. These sessions are an online technical training webinar or video conference and are intended for our customers in the automation, instrumentation, mechanical and analytical fields. The complimentary 45 minute training sessions are conducted by Vector CAG personnel and industry guest speakers.

## Upcoming Session: Thursday, October 8th - 1:00PM-1:45PM CST

### Introduction to Heat Tracing Control & Monitoring

Join Vector CAG and manufacturing partner, nVent as we introduce you to Heat Tracing Control and Monitoring. nVent RAYCHEM is a world-leading provider of heat-trace management systems for infrastructure, industrial, commercial and residential buildings, with operations globally. With cold weather months upon us, this is a perfect topic to get you prepared for the upcoming season. During this webinar event you will take a deeper dive with our experts to learn more about the following;

- What is Heat Tracing Control & Monitoring?
- What are the benefits of Control & Monitoring when I am using a self-regulating cable?
- How can I improve the reliability of my client's heat tracing system?
- Can I provide predictive maintenance to my client?
- What can I offer my client to help with his transition to Industry 4.0 / Internet of Things?

Together, Vector CAG and nVent look forward to sharing this perfect industry solution with you!
